ARTIFICIAL INTELLIGENCE AND THE FUTURE OF HUMANITY

John Wyatt is Emeritus Professor of Neonatal Paediatrics, University College London and a Senior Researcher at the Faraday Institute, Cambridge University. His background is as a paediatrician caring for sick and premature infants and as a medical scientist researching into the prevention of brain injury in newborn babies. His book *Matters of Life and Death* has been translated into more than 10 languages.

John is President of the Christian Medical Fellowship and chair of the Kirby Laing Institute for Christian Ethics. He is lead for the clinical ethics network at University College London Hospitals and a member of the Ethics Advisory Committee of the Royal College of Paediatrics and Child Health. He and his wife Celia are longstanding members of All Souls Church in London.
